

Presentation table of a project - Example

Project: Support for training and creation of a multi-purpose center in Thylla, Senegal (Jappo Liggeye Thylla).

1.2.1 Project title	Support for training and creation of a multipurpose center in Thylla, Senegal
1.2.2 Country and region (s) of implementation	Senegal, Louga region, Linguère department, a suburb of Thylla located in the commune of Ouarkhokh
1.2.3 Project start date	As soon as the funds are obtained, preferably on January 1, 2019.
1.2.4 Duration in months of the project	The project will take place for twenty-four (24) months including eight (8) months of construction, six (6) months of training, and ten (10) months of operation (corresponding to production, processing, and marketing of the first products).
1.2.5 Number and situation of project beneficiaries	The beneficiaries of this project are out-of-school women and girls, some of whom do domestic work in major cities. The project will also benefit young boys whose school cycle is shortened and who have no job. In total, the project aims to benefit an average of 150 participants per year.
1.2.6 General and specific objectives of the project	The overall objective of the project is to improve the living conditions of the most vulnerable people in Thylla. Its specific objectives are to increase the income of the target audience by learning the methods of production, processing, and marketing of promising local agricultural products.
1.2.7 Indicators and sources of verification	<i>Please refer to the logical framework of the project, page 20.</i>
1.2.8 Expected results	<p>The expected results are:</p> <ul style="list-style-type: none"> - Result 1: a building intended to house the agricultural production and processing center is constructed, and a management committee for the center is set up; - Result 2: the multipurpose center is fitted out and equipped; - Result 3: a conference room is installed and equipped; - Result 4: the beneficiaries receive literacy courses and are trained in the processing of local cereals and the dyeing and sewing trades; - Result 5: local cereals are processed in the multipurpose center (production, processing, and marketing); - Result 6: a savings and credit mutual fund is created for the sustainability of the center's activities, and managed by the management committee. Financial monitoring and support are also provided to the beneficiaries.
1.2.9 Project sustainability	The project will be carried out for concrete social sustainability through the sale of different products and the acquisition of the processes and production techniques by the beneficiaries. It also aims at economic sustainability, consisting of financial autonomy for the operation of the production and processing center.
1.2.10 Total budget in €	€ 72,589
1.2.11 Date of eligibility of expenditure	From January 1, 2019
